

Kraków, 27.04.2017

Dear Sir/Madam,

Regarding our cooperation and student exchange during a couple of last year within the frame of Erasmus, on behalf of the Organizing Committee of our Project "Improvement of innovative teaching methods in the fields of Technology and Chemical Engineering according to the best standards of the Bologna Process" I am pleased to invite you to participate in the Conference summarizing the project which is implemented within the Strategic Partnership Erasmus+.

The Conference will take place on July 4, 2017 at Cracow University of Technology in Kraków. The conference will bring together project participants from Poland and abroad, engaged in teaching in technology and chemical engineering. During the conference the results of the project will be presented together with the participants presentation that are related to modern methods and best practice used at your universities.

During the conference we are offering free accommodation (1 or 2 nights at double-room) and catering during the conference day.

We invite you to familiarize yourself with the enclosed program. Additional information about the project and the conference will be available at our website <http://www.innochem.pk.edu.pl>.

With warmest regards,
Prof. Dariusz Bogdał, PhD, Eng.,
Coordinator of the project
